

# FLIGHT SECURITY 1986 (SICUREZZA del VOLO)

Best wishes and even better hopes for the time which remains

*I migliori auguri e persino migliori speranze per il tempo che rimane*

Too late for me.  
All the passengers  
are already on board...  
armed, dangerous,  
destructive and  
multiplying.

Troppo tardi per me.  
Tutti i passeggeri  
sono già a bordo...  
armati, pericolosi,  
distruttivi e  
moltiplicandosi.

Non é mai troppo tardi finché sia troppo tardi. Pensaci un po'.

It's never too late until it's too late.  
Think about it.
