

The drbob international xmas card takes pride in focusing its widely misunderstood satirical pen on the burning issues of the day in its annual holiday message. This year, is it...

- ... US healthcare hopes crushed?
- ... Republicans oust Dems?
- ... GATT rammed thru Congress by Christmas?
- ... WB/IMF: 50 years is enough?
- ... Bosnia, Haiti, ... ?
- ... Forza Italia ?
- ... A brave Newt world?

independence?

No, it's the year of...

THE CURSE OF THE drbobMOBILE!!

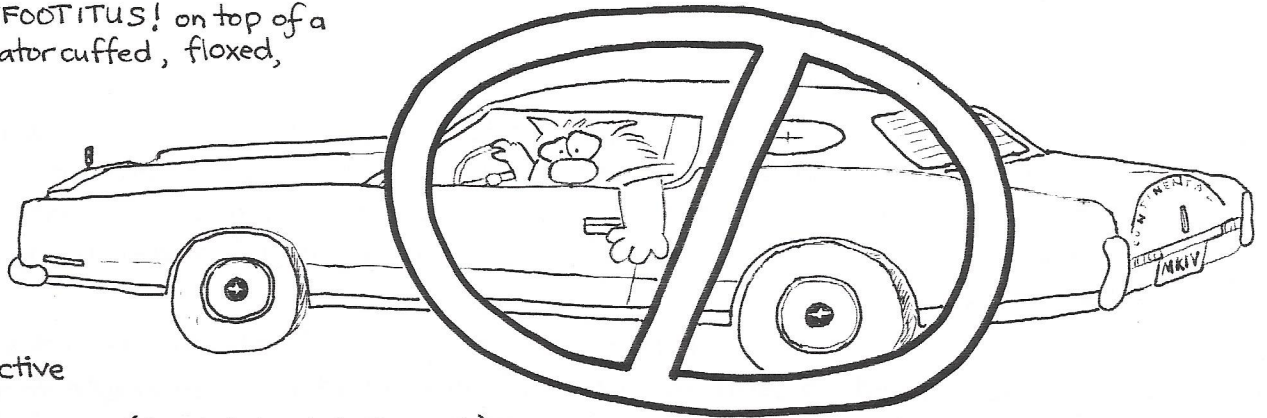

At 23, following 17 years of faithful service as bob's personal mobility dinosaur device, the drbobmobile had its legal life terminated by a technical knockout while still on its feet, reducing bob to life as a professional pedestrian (having made the supreme one-car-family sacrifice). ONLY DAYS LATER, bob's central nervous system mysteriously attacks... HIS FEET! pushing him further towards a sedentary lifestyle and then attacks...

HIS SEAT! BUTTFOOTITUS! on top of a year of getting rotatorcuffed, floxed, and eye dried!
MEDICAL SCIENCE
BAFFLED!!

but not to worry

bob has survived,

tho' slightly ^{more} defective

(the drbobmobile has not)

appreciate the little things in life while they still work

best wishes for your new year
and may the surprises
it holds for you
be pleasant ones

Communication Breakdown

a note from the director of the cute communications department.

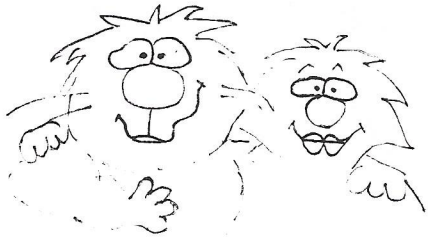

We had good intentions.

We wanted to send thankyou or "just hello" notes for many occasions during the year.

For wonderful dinners in Italy. And some closer to home. Hosts. Simpatico guests. Responses to last years christmas notes. For competent healthcare/other professionals. For a pleasant chance encounter. In place of phone calls not made. For whatever.

But we did not.

If you feel you fit this description, imagine a warm little personal note in this space.

E per la versione in Italiano che quest'anno non c'è, malgrado la disponibilità del servizio dnymr, chiediamo scusa. Le cose non sempre funzionano come dovrebbero, il che riassume il messaggio in breve della versione Inglese. Ma questo sappiamo tutti, e con la edizione 1994^{della} nostra comunicazione annuale riaffermiamo questa semplice verità.
Tanti auguri lo stesso!

OFFICIAL DISCLOSURE TEXT

Last year's mailing focused on our change of address due to our almost accidental entry into the homeowner class, complete with detailed maps of our new location inspired by the latest satellite technology, but apparently a significant number of you did not take us seriously (we cannot imagine why) and continued to use the old address.

We repeat our new contact info for those of you for whom these remarks apply and those others who need to send us name /spelling /address /phone /e-mail / info - corrections / additions / deletions [or receive updates from the drbob international food newsletter].
